WHAT PEOPLE ARE DOING

The people of God are reaching out to Malawi. We are delighted to report that God is using creative means to relieve the suffering of the people of this nation.

Teacher Joslyn Derald and her grade one class raised over \$200.00 for Aids orphans by selling jelly beans to the kids at school. Way to go!

The ladies bible study group in Victoria, BC made up "Bags of Hope" and mailed them to us to give to the children at Sunday School.

The Victory Assembly in St. John, NB collected nine boxes of Teddy Bears and mailed them, when they arrive we will give them out and make some child's Christmas a bit brighter.

In January a young boy and his mother are coming to personally deliver 1000 "Bags of Hope" to children living in the villages around us. We will hold a 2 day children's crusade and share the love of Jesus in a very tangible way. Follow this link to see the newspaper article of Jaako and what God told him to do for Malawi.

We will be receiving four or five young adults beginning this fall. Pray for us to be prepared to host and use these talented young people while they are here.

► Famine Relief

Now is the time to purchase maize for the churches. There is much suffering due to the lack of food in the rural areas, many have died of starvation.
